

## HINDENBURG SEEMS TO THREATEN TO START COUNTER REVOLUTION

(By Review Leased Wire)  
PARIS, Dec. 20.—Field Marshal von Hindenburg has telegraphed the Berlin government advising it of his intention to form a new front six miles behind the neutral zone fixed by the armistice, according to a dispatch to the Journal from Zurich.

The government has asked the field marshal for an explanation, adds the dispatch, but has not yet received a reply.

It also is announced that two regiments of the active army will be sent to Frankfurt on the Main at an early date.

The correspondent affirms that Major General Scheuch, the Prussian war minister, Field Marshal von Hindenburg and General Lequid, (probably Lieutenant General Lequid former governor of Metz) who is in command of the active troops in Berlin, are behind a counter revolution movement. He declares the existing government is manifestly incapable of preventing the realization of their scheme.

## FOUR OUNCES OF LIQUOR LIMIT

DENVER, Dec. 20.—The status of 5,000 packages of liquor held by the American Railway Express company at its Denver office, and of similar undelivered shipments held elsewhere in the state, remain undetermined at the conclusion of the day's hearing before Judge Denison in the proceedings brought to test the right of the express company to deliver to consignees the liquor on hand when the new Finch prohibition law became effective Monday at midnight. Indications are that the arguments will not conclude before Sunday.

## RED CROSS GAINS LARGE ACCESSION

(By Review Leased Wire)

SACRAMENTO, Cal., Dec. 20.—Compilation of reports received from the Pacific division of the American Red Cross shows that the division's enrollment in the Red Cross Christmas roll call drive already is 150,000 members in excess of last year's campaign. Red Cross officials announced tonight.

Only partial reports have been received so far from chapter committees, but these were said to indicate that each chapter will make good its pledge of a 100 per cent enrollment.

Yuma, Ariz., has enrolled 1150 members out of an adult population of 2500. Globe, in the same state, with a population of 4000, reported 1100 new members, while Tucson had listed 3500 of its 10,000 population.

## FOUR NEGROES ARE LYNCHED BY MOB

MOBILE, Ala., Dec. 20.—Four negroes, two of them women, charged with the murder of Dr. E. L. Johnson here last week, were taken from the jail at Shubuta, Miss., tonight and lynched, according to information received in Mobile.

Dr. Johnson, a dentist, was shot and killed from ambush while in his barn. Major Clarke, one of the negroes lynched, was arrested and, according to the authorities, confessed, implicating others and stating that he had shot Dr. Johnson at the request of one of the women who had had trouble with the dentist.

The negroes lynched were two brothers and two sisters, Major and Andrew Clarke and Maggie and Alma House.

### NINE SOCIALISTS RESIGN

(By Review Leased Wire)  
PARIS, Dec. 20.—Nine socialists of the chamber of deputies resigned from the army committee of the chamber today, because Deputy Rene Renault, president of the committee, refused to call Premier Clemenceau for an interpretation on demobilization of the German army. Albert Thomas, former minister of munitions, and Pierre Renaudel, leader of the majority socialists in the chamber, were among those who refused to serve longer on the committee.

## JUDGE ROASTS CRIME BREEDING

NEW YORK, Dec. 20.—In acquitting Oscar Lynch, a salesman of the Otis Lithograph company, of this city to day of a charge of having offered a bribe to Captain Louis Delton Faucher of the military morale section of the army, after government witnesses had confirmed the defendant's contention that he had been deceived by the military authorities, Federal Judge Hough denounced this sort of activity.

"Detectives and decoys are not only necessary, but praiseworthy instruments in ascertaining crime," the judge declared, "but detection exceeds its limits when the detective or decoy provokes or creates a crime that otherwise would not have occurred."

"Captain Faucher, by his own statement, demanded money which he never expected, in terms which seemed to say, 'If you don't promise to pay secretly money to me, you don't get the government contract.' This was the trap or decoy. This, in my judgment, is going beyond all bounds."

"Under such circumstances the government is estopped from prosecuting on the ground that it caused and created that of which complaint is made."

### NEW COMMITTEE CHOSEN

BERLIN, Dec. 20.—(By the Associated Press).—The election of a new central executive committee has been completed. The socialist members are largely in the majority, giving the cabinet a support it heretofore lacked. Not only are many of the members really able men, but radicals like Georg Ledebour, Dr. August Muelker and other members of the old committee have been eliminated.

### REVOLUTIONARY FINANCE

BERLIN, Thursday, Dec. 19.—(By the Associated Press).—Revolutionary

financing as it is practiced by the executive committee of the Berlin council of soldiers and workmen promises to lead to interesting revelations when the final accounting takes place. Out-of-town delegates who are present for the congress of councils now in session, charge the Berlin executive committee with extravagance and general inefficiency and this seems only mildly to characterize the real conditions.

Much curiosity has been aroused through the contradicting statements that have been made by the treasurer of the committee and the Tagliche Rundschau asks: "Whence comes the money?"

It calls attention to the fact that soldiers and workmen's council attached to the home general staff asserts that 600,000 marks of the official army funds were seized in the early days of the revolution, whereas only 450,000 were reported.

"It is imperative to establish," adds the newspaper, "whether the full sum seized was delivered to the executive committee or whether the persons implicated in the seizure made private disposition of part of the money."

The congress yesterday by an overwhelming vote, declared itself in favor of the new central committee to be appointed, assuming the financial legacy of the retiring board, claiming the latter to be a purely Berlin organization.

In the corridors of the house of deputies yesterday it was asserted that among other items of receipts and expenditures which could not be traced through the revolutionary bookkeeping, was the sum of 350,000 marks, comprising official funds seized, but the ultimate disposition of which had not yet been established.

## A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep, I became a nervous wreck just from the awful suffering with my head."

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties."

I was not able to do anything until I took Cardui. I took three bottles in all and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui."

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.
